We are a not-for-profit community mental health outpatient clinic operated by the WSU Department of Psychology.

Our mission is fourfold:

1) Provide the highest quality training for our advanced clinical doctoral students as they continue to master evidence-based assessment and psychotherapy practices.

2) Provide low-cost, evidence-based psychological assessment and psychotherapy services for individuals and families in the Pullman, Moscow, and greater Palouse region.

3) Promote research to advance the assessment and treatment of mental disorders across the lifespan.

4) Promote and support education about science-based, cutting-edge, psychological assessment and treatment practices to the broader mental health provider community.
